PROFILE

AI & Data Science student with hands-on experience in building real-world applications across machine learning, full-stack development, and UI/UX design. Skilled in developing scalable web platforms, data-driven models, and mobile applications. Passionate about solving practical problems using AI, data analytics, and modern web technologies. Actively seeking opportunities to contribute to impactful projects and grow as a developer.

EDUCATION

Bachelor of Engineering - Artificial Intelligence and Data Science 2022 - Present

SDM Institute of Technology, Ujire (DK) • CGPA: 8.12

INTERNSHIP EXPERIENCE

Software Developer Intern Feb 2026 - Present

Mitra Softwares, Shivamogga, Karnataka

- Contributing to the development of real-world client projects using modern full-stack technologies.
- Built and deployed multiple production-level web applications as part of the development team.
- Key client projects delivered: Nagashree School, Channarayapatna, Hassan (nagashreeschoolcrp.in) and St. Joseph Public School, Narasimrajapura, Chikkamagaluru (ka476cisce.org).

PROJECTS

PantryPal - Retail Inventory and Expiry Tracking System Feb 2026

React 18, TypeScript, Node.js, Express.js, PostgreSQL, JWT, Tesseract.js (OCR) |

GitHub: https://github.com/Mythri-K-R/pantrypal_new/

- Dual-portal app: Retailer side for inventory, POS, and sales analytics; Customer side for pantry and expiry tracking.
- Receipt scanning via OCR to auto-import purchased items.
- JWT auth, bcrypt password hashing, role-based access. Deployed on Vercel.

Nagashree Connect - School Website with Admin Dashboard Feb 2025

React 18, TypeScript, Tailwind CSS, PHP| GitHub: https://github.com/Mythri-K-R/nagashree-connect/ |

Live: https://nagashreeschoolcrp.in

- School website with pages for Admissions, Gallery, Faculties, and Facilities.
- Secure admin panel for managing content, applications, and gallery.
- Form validation with React Hook Form and Zod. Deployed on cPanel with PHP backend.

St. Joseph Public School - School Web Platform Mar 2026

React 18, TypeScript, Tailwind CSS, Vite | GitHub: https://github.com/Mythri-K-R/st.-joseph-s-bloom/
Live: https://ka476cisce.org/

- Multi-page school website with Academics, News and Events, Gallery, and Admin Dashboard.
- Smooth animations using Framer Motion. Optimized for cPanel deployment.

GrowLink Booking - Plant Nursery Web Platform Mar 2026

React 18, TypeScript, Tailwind CSS, Supabase, Vite | GitHub: https://github.com/Mythri-K-R/growlink-booking/
Live: https://mythri-k-r.github.io/growlink-booking/

- Developed a plant nursery web platform enabling users to browse plants, add items to cart, and place booking requests
- Integrated WhatsApp-based communication for direct interaction between customers and the nursery owner

AI-Based Black Pepper Price Forecasting System Nov 2025

Python, TensorFlow, LSTM, GRU, Pandas, Matplotlib |
GitHub: https://github.com/Mythri-K-R/pepper_price_project/

- Time-series models (LSTM and GRU) to forecast black pepper prices using APMC market data.
- Includes data preprocessing, feature engineering, and LSTM vs GRU comparative evaluation.

DailyCapture - Offline Photo Journaling App Jul 2025

Flutter, Dart, Local Notifications | GitHub: https://github.com/Mythri-K-R/daily_capture/

- Offline photo journal app with local image storage and daily push notification reminders.

Smart Calendar - Task Management Mobile App Jun 2025

Flutter, Dart, sqflite, Provider | GitHub: https://github.com/Mythri-K-R/Smart_calendar/

- Calendar-based task manager with local SQL storage, CRUD operations, and notification reminders.

CERTIFICATIONS & ACHIEVEMENTS

Certifications

- Introduction to Artificial Intelligence - Infosys
- Introduction to Python - Infosys
- Web Technologies - Study Comrade

Awards and Recognition

- Appreciation Prize - State Level Anveshana Karnataka 2026
- Top Performer - Mini-Anveshana 2024 and 2025 (Idea Presentation)
- Top 10 - Innovate-a-thon 2025
- Top 5 - Ideastorm 2025
- Participant - Fusion Techathon 3.0, National Level Hackathon
- NSS Volunteer - Community Development Initiatives

SKILLS & LANGUAGES

Soft Skills: Adaptability and Quick Learning, Leadership and Team Collaboration, Analytical Problem-Solving
Languages: English (Fluent), Kannada (Native), Hindi (Read and Write)

AREAS OF INTEREST

Full-Stack Web Development, AI Automation, Generative AI, Mobile Application Development, Applied AI and Machine Learning, UI/UX.
